I am a bit sad because I have just quarreled with my mum. I didn't want to wash the dishes and make my bed because there was an interesting film on TV...

Do you think children should help their parents with the housework, why/why not? What do you do about the house? What do you usually do in your free time?

Dear Ann,

Thanks for your previous letter. I'm sorry to hear you've quarreled with your mum. I think you're wrong because she is very busy too.

I'm sure we should help our parents with the chores because they have to work much and are very tired after work. Actually, I always make my bed and Hoover the carpets in our flat. It doesn't take much time so I have some free time and can hang out with my friends. In summer we like riding the roller coasters, in winter we are fond of going to the skating rink. But sometimes I feel like reading a book or watching a good film on the Net. Hope you'll make everything up with mum.

Write back soon.

Yours, Nina
